

NOTICE OF PUBLIC MEETING
Drinking Water State Revolving Fund (DWSRF) Loan Program
Water Main Replacement Program

The City of St. Clair will hold a public comment period and a public meeting on the proposed Drinking Water State Revolving Fund (DWSRF) Water Main Replacement Program for the purpose of receiving comments from interested persons.

The public meeting has been scheduled for Monday, April 20, 2026, at 6:00pm, during the regularly scheduled City Council meeting in the City Council chambers, located at St. Clair City Hall, 547 North Carney Drive, St. Clair, Michigan 48079.

The purpose of the proposed project is to replace all aging 4-inch water mains within the City's water distribution system with new 8-inch water mains and to replace known lead or galvanized water services connected to 4-inch water mains with copper water services to comply with current regulations for water distribution systems established by the Michigan Department of Environment, Great Lakes and Energy (EGLE). The estimated cost to users for the proposed project is expected to be approximately 6.1 million dollars utilizing a low-interest loan over a 20-year period.

Copies of the plan detailing the proposed project will be available for inspection at the City Clerk's Office, in the St. Clair City Hall, 547 North Carney Drive, St. Clair, Michigan 48079. The plan will be available beginning Thursday, April 2, 2026.

Written comments received before the public meeting concludes on Monday, April 20, 2026, will receive a written response in the final project plan. Written comments should be sent to the city's consulting engineer preparing the final project plan. Direct written comments to Anderson, Eckstein and Westrick, ATTN: R. Ryan Kern, Project Manager, 51301 Schoenherr Road, Shelby Township, Michigan 48315 or by e-mail at rkern@awinc.com.
